

Tech.Lounge

Coworking & networking space for tech enthusiasts!

www.techlounge.be

Facilities

■ Co-working space

Quiet areas, such as small separate desks or conference call areas, relaxation chairs connected to your favourite playlist, a large table for team work, seated and standing desks in a less quiet area. The flexible space offers plenty of different working environments tailored to your needs, desires and moods.

■ Bar & Food Truck

Delicious coffee, personalized thanks to an amazing coffee printer, refreshing drinks or snacks in an Airstream food truck. Also the perfect place to organize an event in a very high tech and cozy environment.

■ Lounge & Gaming zone

Time to relax in a comfortable armchair and to meet your fellow co-workers and guests in an informal setting. You can also alternate work with a well-deserved moment of relaxation and conviviality whilst playing billiards.

■ Brainstorm Arena

A circular shaped arena, designed for brainstorming and equipped with a digital wall. Tomorrow's ideas arise here in a team effort.

■ Recording studio

Need to shoot a short video presentation for your company? Our Recording Studio includes the necessary equipment to easily record professional-quality videos to share on websites and social media.

■ Classroom of the Future

Blended learning is an education process which combines online digital media with traditional classroom methods. Our classroom is a place where tomorrow's way of teaching takes shape. Its surface of 150 m² can be used in many different ways. A main teaching area and up to 4 smaller working areas. Three of the working group areas are equipped with digital learning tables, one of the newest teaching methods.

Tech.Lounge
