

TECH.LOUNGE PODCAST STUDIO

CREATE YOUR OWN PODCAST? YES PLEASE!

Our high-tech recording studio means you can rely on excellent sound quality. No ambient noise, but professional equipment and of course: experts are always on hand.

What can we offer you?

- Five connected microphones
- An exceptionally user-friendly mixing desk
- The choice of a number of freely available jingles
- The classics: a laughing audience, applause
- A simple toolkit for editing
- If required: seamless support from your idea right to the end result
- After recording and editing, you simply transfer your podcast episode to a USB stick to let it run wild in all your networks
